

The Scent of Betrayal: The Privateersman Mysteries, Volume 5

New Orleans, 1795. The discovery of an abandoned Spanish merchant ship off the coast of America plunges the Ludlows into a far-reaching conspiracy fuelled by jealousy, ambition and nationalistic fervour. The Bucephalas lies trapped under the gaping muzzles of the 32-pounder Spanish guns of New Orleans harbour fort. It quickly becomes clear that the corridors of the governors residence are just as busy with treachery, double-dealing, and murder as the back alleys of the sweltering city outside. Harry Ludlow must win freedom for his ship in a deadly game played out in the dark woods of the American hinterland.
