

## Ariel (Fabulous Book 2)

Joey's a handsome guy, she said, sliding her hand downward, and being truthful, I haven't quite gotten his kiss out of my head. Ariel moved her fingers to his shirt, the flat of her palm warming where it lay. But as great as all that is, it's the man who brought me here to see the world from his point of view that's the man I'm attracted to. ----- Ariel Veich grew up in a billionaire's world, the Veich family name well-known in upper social circles. Influence, esteem, and prestige, all things she's used to. As well as opportunists, people only after her friendship for what they can get out of it. She's learned to protect herself and keep her distance from onlookers. Until she meets Joey Randolph. They're from two different worlds, yet with one unexpected kiss, he tears down the wall she's spent so much time building. When what she knows about herself comes crumbling down as well, it could be that this new love of her life isn't the boy of her dreams after all. Book 2 of 3 in the FABULOUS series, by best-selling author, SUZANNE D. WILLIAMS.
