

## Belles Best Bits: A London Call Girl Reveals Her Favourite Adventures (Belle De Jour)

From the summer of 2003 Belle charted her day-to-day adventures on and off the field in a frank, funny and award-winning diaries. She was the first to reveal (among other things) how she became a working girl, what it feels like to do it for money, and where to buy the best knickers for the job. She also discusses her efforts to change from working girl to working girl, whilst sneaking off to visit clients in her lunch hour. From debating the literary merits of Martin Amis with naked clients to smuggling whips into luxury hotels, this is a no-holds barred account of the high-class sex-trade, and an insight into the secret life of an extraordinary woman.
