

The American Freestyle Karate Black Belt Manual

The American Freestyle Karate Black Belt Manual is a compilation of the personal notes and writings over the last 40 years by Prof. Dan Anderson. These notes were originally handed out to personal students who were on their journey to Black Belt. This is the first time these notes and writings have traveled beyond the dojo walls and out to the general public. Martial arts has given me so much in my life. I have gotten direction, discipline, ethics and much, much more. I have always said that if any student gets even 10% of what I have gotten from martial arts training, then I have done my job. To help you attain the most out of your martial arts training I am releasing the findings of my personal research through a journey of over 47 years. Read them. Absorb what is useful for you - with my blessing.
