

# Deceitful Circle: The Witches Circle Book 2

Having recently decided to join Nights Hollow, Emerson is disheartened to discover just how much training she still needs in order to catch up to the other witches. But when an impromptu road trip exposes her new coven to a pack of werewolves, Emerson's unusual abilities may be the only thing that can save them. As the coven prepares for battle, a mysterious new student shows up in town and sets his sights on Emerson. With danger surrounding her on all sides, Emerson continues to hunt for the truth about her mother's death. But some truths are better left buried. Deceitful Circle is the second book in the young adult urban fantasy series, The Witches Circle. Don't miss the first book in the series, Silent Circle.
