

William J. Hyperbone, or The Will of an Eccentric: [Fully Illustrated and Enhanced Edition]

A fantastic adventure across the United States awaits in the first ebook edition of Jules Verne's rarest book -- used copies costing thousands of dollars. This edition is also the only fully illustrated edition, with all the wonderful original illustrations by Georges Roux (over 60 of them). An extraordinary adventure that many say is better than *Around the World in 80 Days*, from the amazing Jules Verne of *20,000 Leagues Under the Sea* fame. William J. Hyperbone, one of the richest men in the world, has died -- and left his fortune to the winner of an unbelievable game set entirely in the U.S. With an introduction by Camille Cazadessus II, who made this edition possible, and with a preface by Verne scholar Dr. Brian Taves. Join the players as they play hard to win a gigantic fortune--you'll love the ride!
