

## Captivate (Deadly Lullaby #2)

What would you do if you knew you might kill the person you were falling in love with? When Felicia Parks learned about her new destiny as a siren, she didnt fully understand the obstacles that came along with it. Not until she thought she had lured Jackson, the guy who shes fallen head over heels for. Now shell do anything it takes to protect him from her own song, even if it means she has to make sacrifices of her own. Meanwhile, Felicia has less than a year to convince Phorcys that she can fall in love with someone without killing him, or shes going to die. Thats assuming that she doesnt die even sooner than that, since a mortal has crossed her path without being affected by her song.
