

Combat Service Support in Desert Shield and Desert Storm: U.S. Marines in the Persian Gulf, 1990-1991 - General Logistics Support, Seabees, 1st Marine Division, Marine Corps Shame, Cleanup

Professionally converted for accurate flowing-text e-book format reproduction, this unique monograph tells the story of the Marines and sailors of the 1st Force Service Support Group, the 2d Force Service Support Group, Marine Wing Support Group 37, and the 3d Naval Construction Regiment whose combined efforts gave the I Marine Expeditionary Force the ability to eject Iraqi forces from Kuwait during Operation Desert Storm. This document is part of a preliminary series of official Marine Corps histories that cover Marine Corps operations in the Gulf War. During the Persian Gulf crisis, the History and Museums Division sent a team to Saudi Arabia to produce first-hand accounts of unit operations. In November 1990, five Reserve officers from the Mobilization Training Unit (MTU) (History)-DC-7 arrived in Saudi Arabia, deployed to different commands, accompanied their units throughout the battle, and produced powerful narratives on the operations of I Marine Expeditionary Force, the 1st Marine Division, the 2d Marine Division, and Marine Forces Afloat. Unforeseen circumstances prevented a logistics history from being included in the series, so the Secretary of the Navy recalled Major Steven M. Zimmeck, USMC (Ret), to active duty to complete this account of Marine Corps combat service support in Operations Desert Shield and Desert Storm.
