

Out of Time (Out of Line)

Ive finally gotten everything I ever wanted: love, freedom, happiness, and, most importantly, Finn. Our love is everything I expected it to be and more. Weve finally found each other, but the world seems determined to tear us apart. We thought my father was the only obstacle between us, but now its the military. With Finns departure looming, were squeezing in every moment together before we run out of time. Being Carries bodyguard was one thing. Being her boyfriend is another. Every day shes mine is a day the sun shines in my life. Yet our time together is running out. Her father will never think a tattooed Marine will be good enough, so Ill do whatever it takes to be worthy of her love. But the road will take me away from the girl who makes me feel alive-the girl I cant live without. Time only gets us so far...
