

## Desire Lines

Sixteen-year-old Walker has accidentally discovered that two female classmates are lovers. When a rabid evangelical preacher arrives in their town, a witch-hunt is launched against gay students and Walker, for some reason, is the prime target. Walker knows the quickest way to divert the attention would be to give away the girls secret - but should he sacrifice their peace of mind for his? A powerful, unusual and thought-provoking read from an award-winning author.
