

# Dragon Island

DRAGON ISLAND is a dark, young adult fantasy that explores the dysfunctional relationships that often exist between nature and technology, and father and son. With action and cliffhangers galore moving the story along at a breakneck pace, DRAGON ISLAND combines elements of Japanese pop culture and mythology with the Western coming-of-age tale to create an adventure that will have both young and old racing through pages to read what happens next! PRAISE FOR DRAGON ISLAND: Shane Berryhill gives Japanese mythology an action-packed, 21st century reboot with monsters, bigger monsters, and insanely big monsters! - Tom Angleberger, author of The Strange Case of Origami Yoda and winner of the 2011 E.B. White Read Aloud and Dorothy Canfield Fisher Awards
