

## Dying for a Drink

Alcohol causes more misery, illness and death than any other substance, and around one person in 10 is believed to drink alcoholically. Dying for a Drink is a practical and comprehensive guide to alcohol and alcoholism, based on the weekly lectures consultant psychiatrist Dr Tim Cantopher gives to patients and staff at addiction treatment units. Dying for a Drink explores how to beat problem drinking - including binge-drinking - in a no-nonsense, lively and accessible manner.
