

Flash in the Pan: Sticks Like Glue: Assorted Short Shorts from One Mixed Up Mind

More often than not, life can feel like one perpetual loop of struggle, stress, routine and never ending chores. But between the cracks of the mundane lie the weird and the wonderful: things we often dismiss; people we refuse to see and moments that we fail to experience. Flash in the Pan: Sticks Like Glue is an almost random assortment of particularly short tales which focuses on the everyday happenings of seemingly ordinary people. From the plight of drunken gamblers to the attachment of inflatable friends, there's plenty to feast your eyes on in a short space of time - and you never know, you might just find yourself reading these stories over and over again!
