

The Chronicles of Bren: Generations: Book Three

ABOUT THE BOOK: Generations, Book Three in the Chronicles of Bren series, carries on the traditions of King Leonolis and Queen Abila as experienced through the lives of their nine children. If you enjoyed the wild adventures found in Captured and Sacrifice, you will thoroughly find your fill of adventure in Generations. Just as Leonolis did before them, his children grow up discovering their special gifts and talents while living out their very own wild adventures in the process. From magical spiders to Brumbycros, from alien beings to glass dragons, the saga of the children of Leonolis is the saga of nine very unique adventures found within the bounds of a single volume!
