

So long, normal. In the fall of 1984, Cold War tensions between Washington and Moscow are close to breaking. But in sleepy Gainesville, Florida, fourteen-year-old Janis Graystone is mainly worried about starting high school, earning a spot on the varsity soccer team, and keeping her older sister from running her life. Until the night she finds herself out of her body, possessed by the disturbing certainty someone is watching her. For Scott Spruel, the start of high school means the chance to start over. And hes willing to ditch everything — computer hacking, Dungeons & Dragons marathons, even his comic book collection (well, except for his X-Men) — if it means getting closer to Janis. But what about the eavesdropper on his telephone line, a presence he senses through powers he is only beginning to understand? As clocks tick down, Janis and Scott will need the others help. But first theyll have to find one another and that means traversing Thirteenth Street Highs caste system ... a system that can be as brutal as it is unforgiving. XGeneration is a teen paranormal thriller series, inspired by classic superhero comics and the 1980s. Rated 14+ for language and some violence Book 1: You Dont Know Me Book 2: The Watchers Book 3: Silent Generation Book 4: Pressure Drop Book 5: Cry Little Sister Book 6: Greatest Good Book 7: Dead Hand *finale*
