

## Still with Me

Today, its my choice. I dont want this life anymore. Today, Im in controllIf Im not brave enough, Ill think of her. When childhood friend Victoria rejects his love, Jeremy takes his life on his twentieth birthday. On his twenty-first birthday, he wakes to find Victoria holding his hand, blissfully in love with him. Jeremy cant remember the previous year, but he savors the miracle of waking up alongside the woman he loves. The next time he wakes, two years have passed and Jeremy is now a spectator of his own life. Victoria has given him a child, but the man alongside her is a cruel, egotistical, seemingly unknowable Jeremy. Is it amnesia? Insanity? Or has Jeremy been cursed for his selfish, destructive act? This strange, beautiful novel asks an eternal question: What is the value of life and love?
