

Ride on the Wind

Francis Chichester's name is synonymous with the spirit of adventure and courage at its highest level. Before taking to the sea, Chichester made a firm reputation for himself as an aviation pioneer. *Ride on the Wind* is the story of his adventures with his sea-plane, *Elijah*. After flying from London to Sydney, he simply decided to look for the most interesting countries I could find, uninhabited, hostile, or little known. From Sydney, he embarked on an epic flight that included crossing into forbidden territory in Formosa in a raging storm, a narrow escape from Chinese pirates, another from a typhoon, and a spectacular crash in Japan - a remarkable achievement for a solo amateur pilot. A thrilling adventure and the story of a man's journey alone in a plane for several months, above uncharted territory, *Ride on the Wind* is at its heart a fascinating and vibrant record of a world that was once very different.
