

The Green Shadows Trilogy (Tales From The Emerald Wind Book 1)

How would you feel to know that you're a part of something bigger than what you have hopelessly imagined? An escape route out of all your mundane and repetitious daily events that you could never have guessed--in a million years--about its existence suddenly greets you in the most unexpected of manner? That suddenly you've found yourself having a gargantuan purpose in the intimidatingly vast universe? This is the story of such an event. A weird twist of fate that had sent two bored boys from a sleepy town on a whirlwind adventure that would last a lifetime, courtesy of God, Fate, and the ever-blessed, life sustaining breeze, of the celestial Emerald Wind! You may start turning the pages now, my friends. And see if there is a place in here for you as well, heheheh!
