

# Proceedings of the Third International Conference on Trends in Information, Telecommunication and Computing (Lecture Notes in Electrical Engineering)

Third International Conference on Recent Trends in Information, Telecommunication and Computing ITC 2012. ITC 2012 will be held during Aug 03-04, 2012, Kochi, India. ITC 2012, is to bring together innovative academics and industrial experts in the field of Computer Science, Information Technology, Computational Engineering, and Communication to a common forum. The primary goal of the conference is to promote research and developmental activities in Computer Science, Information Technology, Computational Engineering, and Communication. Another goal is to promote scientific information interchange between researchers, developers, engineers, students, and practitioners.
