

## Life-Changing Love: A novel about dating, courtship, family, and faith

Caitlyn Summer, soon to be fifteen, must practice old-fashioned courtship with high parental involvement, but she has a terrible crush on shy Roland West and she has competition from a girl with no restrictions. As Caitlyn struggles to remain faithful to God, her parents, and herself, her best friend gets pregnant and might get an abortion. When Caitlyn discovers her mother's past mistakes, she begins to resent all the guidelines her parents expect her to follow. The characters in *Life-Changing Love* face the questions: Who am I? Where am I headed? How am I going to get there? The way Linden weaves her characters and various intricate plots together is at once delightful, edifying, heartwarming, and, believe it or not . . . even hilarious at times. ~Susan Peek, author of the best-seller *Saint Magnus, the Last Viking* and other saint stories
