

Released Souls: Witch Avenue Series

Triss and Logans love is becoming stronger by the day as they harness the powers between them, but will that make them blind to the evil theyre facing? After uncovering startling information about her family, Triss is determined to right the wrongs of her ancestors. Triss and Logan uncover who has infiltrated the covens across the globe, and they realize the plans of the dark side are far more sinister than theyd ever imagined. As the power of this hidden world is exposed, Triss learns her role in the covens. With Logan, Dace and Bakulas assistance, Triss is now able to fully realize the abilities her ancestors have given her. It wont be long until the dark forces regain their strength, especially as their leader, Eben, continues his quest for a power that can never be revoked. Triss must stop him before it is too late.
