

Broken Angel (The Broken Series Book 1)

Daeris believed the ancients were the wisest elves, totally devoted to Alfheims ruling family. Why wouldn't she? She had grown up listening to songs and stories praising the ancients' wisdom and how past kings and queens had prospered, heeding the ancients' advice. Not until her mother's murder does she question their loyalty and find the ancients are not what they seem. No one, especially her father, will listen even when presented with evidence. What will it take to convince them of the enemy within their ranks, and if she can, will it be in time?
