

Paramount Studios: 1940-2000 (Images of America)

The fascinating tale of Hollywood powerhouse Paramount Pictures beginning with its birth in the 1910s through the turbulent decade of the 1930s was told in *Early Paramount Studios* by Marc Wanamaker, Michael Christaldi, and E.J. Stephens. Now the same authors are back to tell the next 60 years of the studio saga in *Paramount Studios: 1940-2000*, with a foreword by former Paramount head of production Robert Evans. This book picks up the story during the time of World War II a successful era for the studio which was followed by a decade of decline due to the upstart medium of television. By the 1960s, the studio teetered on the brink of bankruptcy before rebounding, thanks to several 1970s blockbusters, such as *Love Story*, *The Godfather*, and *Chinatown*. The tale continues through the final decades of the 20th century when Paramount showcased some of the greatest hits in its history.
