

THE ILIAD and THE ODYSSEY: Unabridged edition in English prose, with an interactive table of contents

Exceptional Unabridged Edition in English Prose ! Homer was believed by the ancient Greeks to have been the first and greatest of the epic poets, the leader of Greek culture. He is author of the first known literature of Europe. Whether and when he lived is unknown. Herodotus estimates that Homer lived 400 years before his own time, which would place him at around 850 BCE. Pseudo-Herodotus estimates that he was born 622 years before Xerxes I placed a pontoon bridge over the Hellespont in 480 BCE, which would place him at 1102 BCE, 168 years after the fall of Troy in 1270 BCE. These two end points are 252 years apart, representative of the differences in dates given by the other sources. Homers works, which are about fifty percent speeches, provided models in persuasive speaking and writing that were emulated throughout the ancient and medieval Greek worlds. Fragments of Homer account for nearly half of all identifiable Greek literary papyrus finds in Egypt. The Iliad is an ancient Greek epic poem in dactylic hexameter. Set during the Trojan War, the ten-year siege of the city of Troy (Ilium) by a coalition of Greek states, it tells of the battles and events during the weeks of a quarrel between King Agamemnon and the warrior Achilles. Although the story covers only a few weeks in the final year of the war, the Iliad mentions or alludes to many of the Greek legends about the siege; the earlier events, such as the gathering of warriors for the siege, the cause of the war, and related concerns tend to appear near the beginning. Then the epic narrative takes up events prophesied for the future, such as Achilles looming death and the sack of Troy, prefigured and alluded to more and more vividly, so that when it reaches an end, the poem has told a more or less complete tale of the Trojan War. The Odyssey is, in part, a sequel to The Iliad. The poem mainly centers on the Greek hero Odysseus

(known as Ulysses in Roman myths) and his journey home after the fall of Troy. It takes Odysseus ten years to reach Ithaca after the ten-year Trojan War. In his absence, it is assumed he has died, and his wife Penelope and son Telemachus must deal with a group of unruly suitors, the Mnesteres or Proci, who compete for Penelopes hand in marriage. In the English language as well as many others, the word odyssey has come to refer to an epic voyage. The Iliad and The odyssey are among the oldest extant works of Western literature. They are written in Homeric Greek, a literary amalgam of Ionic Greek and other dialects. They are translated into modern languages around the world. In this ebook, the poems are rendered from ancient Greek into English prose, by Samuel Butler. These fascinating epic poems are must-read of classic literature and will delight readers of all ages. Unabridged edition, with a linked table of contents for an easy navigation. All ebooks published by Atlantic Editions have faultless layouts. They are hand-edited and checked for spelling and punctuation errors. Atlantic Editions was created by a reading lover who is proud to make classics available for all at little price.
