

Report From Ground Zero

When disaster struck at the World Trade Center on September 11, 2001, Dennis Smith was among the first to arrive on the scene. Report from Ground Zero is his insiders account of the heroic efforts of the firefighters, police and emergency workers who rushed to downtown New York to face the greatest challenge of their lives. In all, 343 firefighters gave their lives. Entire companies were lost. Among the dead were a father and son; the departments beloved chaplain; commanders and rookies. Smith, author of the classic bestseller Report from Engine Company 82 and once described as the Poet Laureate of firefighters by the New York Post, tells their stories and those of their families, the camaraderie in their companies and the massive recovery efforts following the catastrophe. As the world tries to come to terms with the horror of what happened, the firefighters courage and fortitude in the face of enormous personal danger and bereavement offers a beacon of hope and redemption. Report from Ground Zero is a tribute to those heroes for our troubled times.
