

## Sand and Foam and Other Poems

Sand and Foam and Other Poems is a truly inspiring book. In addition to the title poem (Sand and Foam), this book includes 25 additional poems penned from the depths of Kahlil Gibran's soul. Some readers criticize Gibran's writings because they are too hard to understand. This is a complement to Gibran, because the most precious things in life are not supposed to be easily understood. By reading his books and reflecting on their meaning to your own life, you will begin to understand. Dynamic and powerful, Sand and Foam is full of delicious quotes. If you want to challenge yourself, read this book!
