

Surviving the Test

Surviving the Test is a story of survival. Brian and Jim are headed to Alaska for a trip before college. They did not expect to be in the fight of their lives. In a remote part of Canada the bus they are in gets hit by an avalanche, most of the passengers die but the ones that survived now have to stay alive until help comes. Brian steps up to the challenge and saves everybody from freezing to death. Then, with some help from the Lord, he helps save their souls.
