The last thing they need is the ex-girlfriend from hell showing up on their doorstep. Nessa's not exactly Jays favorite human right now, but Tylers ex is destitute, and desperate for a place to stay until the latest hot mess she's embroiled in gets sorted. Besides, it's better to keep your enemies close, right? Sure enough, Nessa has designs on Tyler and a hidden agenda. But discovering who is manipulating her behind the scenes isn't easy, even for a super-smart computer-savvy cyborg like Jay. And this time, the weapon he's sent after Jay really could be the death of her. **YA paranormal, 73500 words: contains swearing and themes more suited to older readers** More YA books from Maree Anderson: **FREAKS OF GREENFIELD HIGH** (Freaks, Book One): When a teenage cyborg is forced to hide out at a small-town high school, the unthinkable happens: she falls in love.
