

Honesty

A radiant story of first love and self-acceptance for fans of John Green, Jandy Nelson, and Rainbow Rowell. Maybe we weren't meant to collide. Maybe we were meant to explode. As a closeted teenager in the Deep South with a holy-roller father and the scars to prove it, bookworm Cole Furman has resigned himself to experiencing life and love only within the pages of his favorite novels. But after Nick Flores seems to walk off a page and starts to rewrite his story, Cole finds his dreams spinning into a dazzling and complicated reality. If you have ever found yourself on the wild breathless thriller ride that is first love, *Honesty* will rip you back again in screaming color.
