## The Castle

By S.L Moore

A warrior is left on the battlefield to give his king time enough to get back to the castle and prepare the defenses at the end of a losing battle. But what happens next shakes this veteran warrior to his core. A wizard calls forth a mysterious fog, and out of the fog come creatures unlike anything that have ever been seen before. Its up to this warrior to survive and get back to the castle to warn everyone in time. Will he be able to make it in time?
