

The Complete Book of Scriptwriting

Here, together for the first time, are the first three Freddy books that Walter Brooks wrote, in a single volume, in the order in which they first appeared. Freddy Goes to Florida (first published as TO and Again), alongside Freddy Goes to the North Pole (More To and Again), followed by the unforgettable Freddy the Detective -- each lavishly illustrated by Kurt Wiese. These are Walter Brookss first forays into the world of Freddy and his Bean Farm, to which he would return over and over again during the next three decades to create a total of twenty-six Freddy books. With a foil-stamped jacket and color plates of the original jacket and endpaper art, The Freddy Anniversary Collection is the perfect thing for fans and initiates alike: a great starter package, and a great collectors edition.
