

## A Devil in Daylight (The Devil in Miss Drakes Class Book 2)

You will account for what you did to Audrey. After three months in the suicide prevention wing of St. Georges, Audrey Bales is finally coming home. Enrolled at a new school, she plans to reinvent herself with a new look, new friends, and a second chance to be just like everyone else. But the kids who drove her over the edge aren't through with her yet. And one of her new friends has an agenda all his own. You, and all the others. During the day, the halls of Battlefield High will echo with their screams. It will never stop. And at night, their screams will be silenced. Until one of you ends it.
