

Kerry: The Inside Story

Kerry Katona is one of Britain's most talked-about celebrities, juggling motherhood and a front-page lifestyle with a very turbulent personal life. Her early childhood saw Kerry witness depression, financial hardship and even a suicide bid by her mother, before being brought up in children's homes and by foster families. Aged just eighteen, however, her fortunes changed and she shot to stardom as one of the founding members of pop group Atomic Kitten, securing a succession of hit singles, sell-out tours and a fairytale wedding -- to Westlife's Brian McFadden. Crowned Queen of the Jungle on *Im a Celebrity, Get Me Out of Here!* and *Celebrity Mum of the Year* in 2004, it looked as though Kerry had left heartache behind for good. But news soon broke that her marriage to Brian was over. Rumours of depression, domestic violence and their break-up filled the papers. Battling the odds once again, she bounced back, with a Valentine's marriage to Mark Croft followed by the birth of a beautiful third daughter and later a son. But in recent times Kerry has struggled with alcohol and depression adding to the very public demise of her celebrity career.
