

The Jackals Head

Althea Tomlinsons ostensible reason for returning to Egypt is to chaperone a spoiled teenager through this fabulous desert land. The truth is more complex . . . and dangerous. Ten years ago, something that happened here brought about her fathers ruin and subsequent death and Althea intends to clear her disgraced parents name and finally lay a dark past to rest. But there are some mysteries best left buried in the shifting sands, and a devoted daughters search for answers is stirring up forgotten memories almost too painful to endure, that propel her onward among ancient tombs, legendary treasures, miraculous discoveries . . . and ever-closer to her own threatened doom.
