

The Samantha Project

Samantha Andrews had it all: great parents, perfect grades, and a boyfriend who just happened to be the hottest guy in school. But a secret from her past turns her world upside down. Sam learns she was part of a genetic engineering project run by a global corporation, giving her special abilities. Now they want her--and the technology inside her--back! She goes on the run, only to find another person just like her: Except hes tall, blond, tan, and irresistible! Now theyre both in danger and a rogue scientist discovers one of them has only a few months left to live.
