

## In the Shadow of the Falls

Everyone has skeletons in their family tree, but Amelia Harper never expected to be chasing one! When her aunt Cora dies unexpectedly in Memphis, Amelia finds that she is keeping a bigger secret than the cancer treatments. Aunt Cora requested that her ashes be taken to a nature preserve in the mountains of White County; a place she never mentioned to Amelia or her brother, and one that she visited the same week for over forty years. The handsome owner of the property, Lucas Macey, is willing to fulfill Aunt Cora's wishes and take them to her campsite at the falls. Another family member committed to the ages, but can she really ever be at peace? When Amelia goes home to Nashville, she finds boxes of journals in her aunt's personal effects. The summer of 1963 holds the key to a dark secret about why her aunt left White County after high school. Could her aunt Cora really be a killer? As more and more clues pile up, will Amelia be able to cope with the answers she finds? Will she ever truly know what happened in the shadow of the falls?
