

Exiled: A Talented Saga Novel

You are going to run. Get out of the city. Keep running. Don't stop until you're somewhere no one knows you. You are not safe. Do you understand? Kenly Baker is alone. Her friends from the McDonough School for the Talented are scattered to the wind. Even Kenly's only living family member cannot hide the scared teenager. Because Kenly is one of the Created. For her, it's a fate worse than death. Trackers from UNITED, the international Talented organization, are hunting down, capturing and containing the Created. Kenly flees across the Atlantic Ocean, to the slums of London. There, she finds tentative acceptance among a group of outcasts. They've spent their entire lives dodging shadows, barely staying alive. Because there are adversaries in this new world who are far more terrifying than UNITED. And now their sights are set on Kenly.
