

The Turn of the Screw

Given charge of two young children, Flora and Miles, by their uncle, a young governess takes up their care at a house in the country. But the governess pleasure in her young charges and in the idyllic countryside soon turns to fear and panic when she comes to suspect that the house is haunted. And when the children are revealed to be aware of the presence, the governess fears quite rightly for their safety as well. Be it mystery, romance, drama, comedy, politics, or history, great literature stands the test of time.
