

## Treasure Hunters

Who does not dream of finding a treasure? Kelly gets to do just that. While horseback riding on her grandfathers Texas ranch, the native Californian discovers an old bottle containing Karl Steinheimers treasure map. To find the treasure, the 13-year old has to overcome several obstacles. She is strong enough to overcome the physical obstacles, but can she scale a huge emotional wall that blocks her way? The first anniversary of her fathers death is approaching. He was a prominent science professor and she was destined to follow in his footsteps. Now she finds herself lost without him. She feels she has little in common with her Bible thumping mother and even less with her old fashion grandfather. Intertwined with this fictional story is the legend about Karl Steinheimer. Karls story has been all but forgotten by history, but he really did bury a fortune in gold in the 1830s. He is torn between his love for Marie Savoy and his desire for riches and adventure.
