

Trial by Charm (The Charmed Trials Series Book 1)

Trial by Charm was fantastic! Julia and Vander had great chemistry. Jolene kept the reader guessing! -Quinn Loftis, USA Today Bestselling author of the Grey Wolves series

Seventeen-year-old Julia Wright doesn't understand her friend's obsession with boys. She's never even had a crush, and proudly maintains her composure no matter who is in her presence. In fact, the hotter a guy is to her friends, the more annoying he seems to Julia. When she is blackmailed into being the manager of the men's swim team, she finds herself face to face with the worst of them all. Team Captain Vander Thelxinoe is the typical self-assured jock, with a not-so-typical ability to change people's minds at will. It's a talent he uses often to get what he wants--only his charms don't work on Julia. Now he's anxious to figure out why, and the closer he tries to get, the more desperate she is to stay away especially when he somehow awakens a side of her she never knew existed. Their unexpected friendship puts Julia in the middle of a quest she doesn't quite understand. As her familiar world begins to unravel around her, Julia must partner with the one person who knows how to push her buttons and, in doing so, discovers the unbelievable truth about who she really is. Can Julia and Vander survive the trial set before them, or will they succumb to a more terrifying fate? Trial by Charm is a Light Greek Urban Fantasy and is book 1 in the Charmed Trials series.
