

John Prebbles Scotland (Bello)

At the age of twenty-one, John Prebble set out to discover Scotland, and just as Scott had been enthralled by this fiercely distinctive land, so Prebbles imagination was similarly enchanted and challenged. The Lion in the North and Culloden, amongst others, are part of that lifelong fascination but John Prebbles Scotland is a direct result of the re-tracing of earlier steps, drawing upon a rich store of social history, anecdote, folklore and literature to conduct the reader through the Highlands, Isles and Borders. A beautifully written voyage sentimentale et historique through romantic Scotland Sunday Telegraph People sometimes ask me to recommend a book about Scotland. I shall recommend this one Scotsman
