

Winging It!: Confessions of an Angel In Training

SHE JUST WANTS TO FLY Ever decided to do something that seemed like a good idea and in the second before there's no turning back think, I musta been totally mental when I came up with this? And, then, Oh, well, here goes. That's how Angel-In-Training Grace Lightbourne felt right before she asked the Big Kahuna to go straight to Earth on a mission as a Guardian Angel. The problem? She never was a great student and now she won't even finish her last three years of school. To make matters worse, Archangel Michael isn't happy about her special assignment, but Grace is convinced she's on a fast track to her wings. How hard can it be? She's working with humans, after all. *Winging It!*, the first book in the Angel-in-Training series, is an irreverent, light-hearted take on Angels, Heaven and everything else that's divine.
