

## Wonder Woman #9

Acclaimed novelist Jodi Picoult continues her WONDER WOMAN run as America goes to war. As the Amazons invade America, Wonder Woman and Nemesis make an unlikely pair as they struggle to understand why their world has exploded while staying alive! An old nemesis of Wonder Woman enters the fray, but even this threat pales in comparison to what the Amazons have unleashed. And when Nemesis makes a dangerous gamble in his quest for the truth, he discovers a danger way over his head.
