

Decreased Vision -What are some common causes and what can be done about them? (Dr. Anup, MD explains Book 1)

Problems with vision - Common causes and how they are managed. eBook for patients. this eBook describes in simple terms common causes of poor vision including myopia, hyperopia, astigmatism, cataract, glaucoma, retinal problems etc and tells how these are treated. The purpose of writing this eBook is to make the patient comfortable by making them understand that poor vision is very common and in most cases easily treatable and is not for self diagnosis. The book contains many pictures explaining all these issues in simple terms.
